# Foreword

Now that we are finishing the high school period of our lives, our work, our experiences, and our ideals are clear and real to us.

But we know that there will come a time when rival thoughts and problems will vie with these for mastery of our minds.

Then may the book be a treasure house to which we can come to recall and live over this golden period of our lives and draw out the energy and optimism of youth.

Anne H. Koch

# Dedication

In appreciation of her guidance during our Junior Year and her interest shown us, we, the Senior Class of 1923, dedicate this, our Annual to Miss Anne H. Koch.

## H. H. S. SONG

To you, our boys, we'll sing today
Our little song of cheer,
We'll march right on to victory
And make our pathway clear.
Cheering you to win the game,
Come on, and show them how,
So let's put spirit in this fight
And cheer for them right now.

Chorus

Rah, rah, rah, rah-rah, rah, rah, rah, rah
Our cheers for the H. H. S.
Its the one school, and it's the dearest—
The school we love the best
So then let us "pep up"!
Come on, boys, let's win
For the test, best school in all the nation
Our cheers for the H. H. S.

II

Let us be loyal sons and true
And triumph in life's game,
Uphold the fame of H. H. S.—
Add glory to her name.
When wider fields present their view
And harder tasks appear,
Let "Red and Black" shine forth anew,
Our happy course to steer.

III

We stand for knowledge, truth and power,
Her glorious name to bless,
May no dark stain, not for an hour,
Make her great honor less.
May noble sons and daughters true
Make history's pages shine,
And "Red and Black"' in brightest hue
With memory intertwine.

## THE REALM OF YOUTH

Sweet are the realms where lilies grow
Where peonies nod, and roses blow;
And sweet the daffodil-haunted dale,
Where many a blossom scents the gale.

Sweet is the sky with studded stars,
And sweet the day which light unbars;
Dear is the ocean uncontrolled,
With its torrid clime and its frigid cold.

Sweet are the dreams of Greece and Rome,
The untouched land oe'r seas' white foam;
The Hanging Gardens of Babylon,
Of knightly battles and brave deeds done.

Sweet are the stories of heroes' names,
Which poet's pens have linked with fame's;
Dear are the deeds of the martyrs' clan,
Whose story the flames of heaven fan.

But sweeter far in its depth of love,
Than the blue below with the blue above;
Of sky and sea, are the dreams of youth,
Which wander far in quest for truth.

These are the realms where lilies grow,
These are the realms where roses blow;
And here is the sky with its studded stars,
Where day a thousand worlds unbars.

A youth from heaven with magic charms,
Bring wealth to earth in your magic arms.
May dream of youth be marble age,
And all things turn to wisdom sage.

## LOYALTY TO SCHOOL

The message I want to give to you today
Is, our school is the best to be found.
And folks from all over the universe say
That it is the best within miles around.

Our building is what I term, complete,
In art work, construction and all.
It always appears so classy and neat,
For perfect is each, desk, room and hall.

But you know the building is only a part
Of this school of wonder and fame.
The people within create this art,
Every teacher, laddie and dame.

Our B. B. team have won success
We are proud of them, one and all.
Yes, its a game we like, and confess
The short ones rank with the tall.

Then too just look at our actors
Who starred in, "The Charm School" play,
They are all our important factors,
With great promises for the future, I say.

Our faculty is one of great renown,
Which we all recognize with pride;
In fact we've the best teachers in town,
Therefore with them we love to abide.

Then of an orchestra, we, too, can brag,
One that sets music to our airs.
It plays jazz, classic or rag
Which drives away all our sorrows and cares.

So now come each pal and school-mate,
And be loyal to this school of ours,
You cannot start at an ealier date,
So in your message always, "Say it with flowers."

Now when an ill wind starts to knock and blow,
And tries to cause a fuss,
Your loyalty and praise you give and show,
Will ne'r be forgotten by us.

Homage will guide each lassie and lad,
And I'm sure you'll do your bit and retract,
So Hail to our school, the best to be had,
The School of the "Red and the Black."

## THE CLASS OF '23

The term is o'er; the curtains fall,
Slow dropping at the prompter's cry;
A moment yet; the world will call.
We look about; to say good bye.
As an irksome task, it towers;
And, when we've laughed and had our say,
We show at these final hours,
A face that's everything but gay.

Say!—our griefs and joys,
Just hinted on this little page,
Our trials and defeats as boys,
Will be repeated in our age;
Our woes will not be less keen,
Our hope more vain, than those of men,
Whose pangs and pleasures of eighteen
At fifty are played o'er again.

One word, ere yet the evening ends,—
Let's close it with a fitting rhyme;
And pledge a hand to all our friends,
As fits the Graduation time.
And in the world as, in the school,
We may suffer and we may strive.
But let success always be our goal,
And may knowledge be our guide.

My poem, save this, has little worth;
To you, the class of '23,
I wish you love and health and mirth,
As the threshold you now see.
As in the time when we were young
We learned at school to love and pray
Those memories of our class, as sung,
Might never wholly pass away.

Paul Nix, '23.

GEORGE YERMAN

As senior president George is all we can ask for and much of our success is due to his efforts. He takes extra lessons and has time to drive for the doctor but alas—he has a weakness for the women.

HELENE PETRIE

Helene has a beautiful smile and is a friend of everyone. It is not a common instance to be popular with both boys and girls but Helene is. She took 4-1 English and was a brilliant student but she took cooking and sewing instead of 4-2 English. We guess the reason, do you?

PAUL WHITTACRE

Behold the prodigal son who left us for a semester for the bright lights of Andrews, but he came back to finish with us. His specialties are radio and frequent bursts of oratory.

REBA WELLER

Yes she's a 4-2 English shark. Always happy and a smile for all. Reba is also quite a literary genius and she is mainly responsible for our "nifty" rings and pins. Don't say anything but she has pink hair.

ALFRED KELLER

Yes, Alfred steps out; regular shiek and sheba stuff. Don't know whether he uses Camels or Fatimas but he uses 'em. Then Alfred showed some basketball for the Senior team and the Seniors won too.

RODERICK CUTSHALL

A turned down lover? Yes he was in the "Charm School" and he played his part well. He was one of our "flashes" in football and played hard but he insisted on getting hurt as did most of the others. We love to have him usher us in the theatre but alas! he is captured. Elizabeth has him.

ELIZABETH PARRY

Every one envies Elizabeth, because she is Mr. Byer's assistant. Every one is proud when they receive a pass slip signed by her. She substitutes at times for teachers and we will have to admit that she makes a good teacher. But like every one she has one weakness, that is breaking the hearts of our boys, especially Freshmen and sophomore. Elizabeth don't be so cruel.

HERSEL WELKER

Here is one of the reasons why the seniors won the inter-class basketball tourney. He has his lessons every day but what is this we hear about your interest in the girls, Hersel?

MILDRED KRONMILLER

Mildred is one of our pleasing brunettes. We remember her brilliant answers in 4-1 English and were sorry that she was bright enough to leave us in January. It is said she is experienced in the bakery business and expects to set up a bun shop in New York City.

MARY HERZOG

We have needed to sing the old nursery rhyme "Mary, Mary, quite contrary" because this Mary believes what the Seniors do is right. She has no enemies and we all desire to know her better before she leaves us to go into the unknown future.

SARA BRONSTEIN

It is rumored that Sara likes red hair. Now we know why she admires——well, you guess. She can speak French as shown in the Senior play. Her dancing ability is something to be proud of and she can drive her brother's car.

JOHN KNEIPPLE

This quiet boy has been here for only half of our time in H. H. S. He came from Indianapolis. When he went to the state tournament he told the boys that they should not cross the street in the middle of the blocks and not to buy the Soldiers and Sailors Monument for less than fifty cents. We do not know what he intends to do but we are sure that he will do it well.

MARGARET BURROUGHS

This young lady is indeed the shining light in Mr. Byers English class. Her recitations are perfect. She spoke to us one morning in the Auditorium and it was done splendidly. Her parents moved but we are glad she stayed so that she could graduate with us.

CHARLES FINLEY

Charles just loves to argue so he was appointed advertising manager. He attends all the basket ball games and is indeed an ardent rooter, anyway you can always hear him. He just adores girls and girls are just — but sh—don't say too much.

FAYE FULTON

Faye is a member of that famous trio, Ed., Red, and Faye. She is very brilliant although the teachers don't know it, so she says, and can do anything from making a brass monkey laugh to writing notes in Trig.

DOROTHY ANDERSON

Talk about little girls following in the footsteps of their elders, Dorothy sure is doing it. Going to be a shark stenographer like her sister. She'll succeed, too, for she has golden hair and a winning way.

PATRICK MOORE

Last fall an Irishman came into our midst but he did not remain unknown. When any one gets the best of him in an argument they have to work fast. His answers to English questions are full of wit and he tells us that one should not trifle with a woman's love—Pat have you been teasing Miss Koch again?

DOROTHY HOLMES

Dorothy reminds us of Webster when we look at her report card. She has surely won our recognition in her efforts and success in her school work. She has not told us concerning her future plans thus we are sure that she is keeping a pleasant surprise.

EARL YOOS

When the team came out on the floor at the regional meet Earl at once became the idol of the Fort Wayne girls. He has proved himself to be a point getter when it comes to basket ball. He has been here only a year but we are certainly glad that his name is on our Senior list and wish him success in whatever he attempts to do.

KATHERINE WASMUTH

A girl whom everyone admires because of her readiness to help and her friendly disposition. Katherine's talent for acting was made known in the Charm School Is a member of the Honor Society and of the ring committee.

DOROTHY ERTZINGER

Our class is noted for its good looking girls and here is one to add to the list. Dorothy is treasurer of the Sunshine Society, secretary of the Honor Society and a member of the play committee. Is generally seen with her pals, Mildred and Crystal.

A. C. BEESON

A man of all trades? Yes indeed. A. C. can do anything from helping "Jim" to teaching a class. Is a member of the honor society and of the ring committee (and by the way, helped choose the best looking rings H. H. S. has ever had.) He is our successful Business Manager. Is generally seen with Russ and he has a great admiration for Juniors.

MARGARET YOUNG

Does she blush? Well I guess. Margaret is a real wizard when it comes to 4-2 English. Just look at her; anyone could tell that. Yes and don't say anything but some one says she takes early morning walks to reduce; some joke, eh?

PRESSNAL SMITH

Pressnal is a very energetic Senior. He gets fine grades but as citizenship (?). He sells Saturday Evening Posts and Basket Ball Worlds and it is rumored that he will soon succeed Bill Kohl. He is quite emotional and is easily carried away by his ideas.

GRACE DRUMMOND

If Grace is around you are sure to have a lively time for she keeps things going. She plays basketball and plays a good game as guard. She has talent in music and if she continues to advance we are sure she will be in the "limelight" in later years.

EARL LAHR

Do you know this chap? He sort of hangs out in the High School now and then. Earl is quite a worker and has been employed by the Huntington Press for some time.

GENEVA HUYETTE

Classes may come and classes may go but they have no girls with the history of Geneva. She saved a man's life and had her name appear in the headlines. For fear you may misunderstand her we must say she is lots of fun even though she carries a dignified Senior manner. We wonder whom she'll have cupid shoot for her own?

CARL LENGEL

Cong has made himself the friend of every one in High School. As regular shiek in an ever ready flivver, he has invaded all the nearby towns and broken many hearts therein. A fickle lover we will confess but a jolly good fellow nevertheless. Something tells us that we will hear from Carl in no small way in a few years hence, a merchant prince perhaps.

PAULINE BROUGHTON

Here is a real musician. Pauline plays the piano, the violin and sings. We also have her to thank for our High School song which has proved a great success. 'Tis said she likes some boy who works in the bank. How about it Pauline?

EARL WELLS

Doc is the best example of true love and fidelity in High School. It is rumored that when he becomes manager of Mack's shoe store that Norene will come under his care also. Although virtually married Doc enjoys himself as only married men know how. Sh—it's a dark secret. We will remember him as a good and steady worker in school and out.

MARGUERITE SHARP

Here is a girl who dazzles us all by her quickness. She flashes through the halls and can talk as fast as she walks. She is very efficient when it is necessary to make a typewriter talk and used to take up the absentees but Elmer has proved to be her assistant. When the Hi-Y boys got pins we noticed she had one too. Who's is it, Marguerite?

ELMER COZAD

Here is a boy to whom credit must be given when basket ball is mentioned. He is quiet and at camp last summer he was selected as "pretty baby." Now girls don't get anxious because he will surely go the rounds and your chance to capture him will come.

GLADYS NIFER

Those South Side girls sure are fans and here is another one. Every one likes Gladys because of her happy disposition. She is rather shy but 'tis said that she likes a basket ball player. My how nice to be a basket ball player. Gladys watch your step.

WILBUR PETRIE

Our big center who makes those playing against him wonder why they can't get the tip off. Besides this he is our Vice President but he spends most of his time being shiek, slave, and protector for—well you ought to know.

RUTH GLENN

Our editor to whom much of the credit for our book success must be given. Her weakness is basket ball and she is the other cheer leader at all our games. Sh——we won't tell his name but his initials are "Bun Petrie."

GRACE ALWOOD

Here is a girl who has selected a difficult course and succeeded in managing it well. She is always busy with her work and we are sure that she will accomplish whatever she attempts.

PAUL NIX

Oh how he can argue. In fact he makes a class lively by his questions and answers. He has ability to draw and compose poetry and is noted for his hair and dates (with Sophomores.) Is one of the boys who is the prey of out-of-town girls.

DOROTHA SANDS

So we do not get our Dot's mixed we remember Dorotha S. as the girl with bobbed hair. She is industrious yet we are sure she will live to a good old age and die without any gray hairs because she laughs all sorrow away.

JOHN BEARDSLEY

Isn't he good looking? We think so, and 'tis said he is the idol of the Freshman Girls. He played the leading part in the Senior play and we are sure it could not be played better. He has proved to be very helpful to Dr. Beck by keeping his office.

MARJORIE BELL

Here is one of our best looking girls in school, and we are sure she will be a great actress some day judging from the class play. She is one of those Virgil sharks and acted as Chairman of the Calendar Committee of the Modulus. Her dates are numerous and they say her hobby is knitting sweaters.

JANE FAVORITE

We are sure Jane could be a business woman because she is treasurer of our class and has proved her ability. She played her part in the class play perfectly and it was enjoyed by every one. Is an honor roll student and a member of the Honor Society. For other particulars see Clum Bucher.

RUSSELL HUFFMAN

Success—is what Russell has achieved during his High School career. As editor of the Modulus a more capable student could not have been chosen. His records report the highest marks. He is a member of the Honor Society and is usually with A. C. He is planning to be a lawyer and with his starting record we are sure he will succeed.

CAMILLA KREIGBAUM

Another member of the South Side Bunch. She is a regular Kreigbaum and since she can't play basket ball she is a rooter. Attends all the games and drives a "Studebaker." She must be a man hater because we have never seen her with a boy. Come on Camilla let's go.

DONALD PLASTERER

Another football star. Donald straight-armed so much that his thumb just wouldn't stay in place. Donald also belongs to the Royal Order of Art Wilson's Corner. Just drop around there any time and see.

MILDRED STULTS

Another Stults; guess we will always have one with us Perhaps you've heard of the Siamese Twins, well we have the Siamese Triplets with us; Mildred, Dorothy, and Crystal. atways together. We heard some teacher say that Mildred got her lessons, we think so, too.

ELIZABETH METZGER

A girl who has been with us only one year but has not failed to become popular. She was in the Senior play and has served on several committees. She loves to dance and 'tis said she attends all the dances. It is very probable that she will follow in the footsteps of her sisters.

BALS NEUER

Doesn't he look determined. "Beaner" showed us his grit when he plowed through the field with a broken collar bone and fought all Wabash single handed. He is the life of any party and a devil with the women.

EDNA VIELHAUR

Edna has aways kept out of sight only when she appears with her shadow Hazel Creviston. However she proved to us that she is in for all styles by appearing at school with bobbed hair. We do not know of her future plans but we wish her success in whatever she undertakes.

ORLISTIS KETTERING

This young man has already started out in the movie world. He has worked at both picture houses and we hope to see him running his own soon. He is noted for asking questions that keep the teachers jumping to answer.

EDNA SWEARERS

Gracious don't think Edna swears even though her name indicates she is a swearer. She is one of our finest girls, always at the Senior meeting ready to do her bit, if you don't believe us ask or ————L. F.

CRYSTAL MILLER

Crystal is one of our country lasses who has made quite a record for herself in the way of grades. Yes she is an honor student too and she and Mildred have been the greatest of pals.

FREDERICK GRIM

He is always on hand at the basket ball game to punch your ticket and scares the little Freshmen who try to get past. It is as easy for him to get his lessons as it is for him to play the drums and he is noted for his dancing ability.

JOSEPHINE GEAR

Practically engaged to an out-of-town fellow, too, but it doesn't interfere with her history. Josephine says she isn't going to get married for years and years yet, well, in fact, until she gets—smaller. She has succeeded wonderfully as Mr. Byer's stenog.

WILLIAM LABAR

William is one of the musicians we have with us. All his spare time is spent in studying nature and he has notions of his own about getting 4-2 English.

BESSIE BUZZARD

A very demure and modest young girl, and if you don't look close you may not be able to see her. But say, her brains make up for her size. Very brilliant, especially in 4-1 Geometry. Don't like either boys or "red hots."

LYLE SHAW

A ray of sunshine. Indeed, she is Treasurer of the Sunshine Society and we are sure she is a good example of our society. She has proved to be efficient in the commercial course and also along other lines. Just ask Wayne, he knows.

WAYNE LONG

If a name ever described a person Brussie's certainly does. Wayne has made an enviable record since coming here two years ago with his noted sister. He is a member of the Honor Society, a football and basketball player, besides serving on numerous Senior committees. His devotion to Lyle is nothing short of Wonderful

RUTH FETTERS

Did you ever notice how nice Ruth's hair always looks? She told me (in secret, mind you) that she spent two hours each morning in conference with it. That is what makes her have such red cheeks. Girls! take heed and get up early in the morning.

MURRAY ANNON

Big Tim is certainly an appropriate name for Murry because we are sure he takes the prize in H. H. S. His main occupation is running a drug store and his secondary occupation is teasing the girls? Now Murray just because you are big you—well you understand.

MAURINE McCOMB

Another basket ball fan but sh—— there is a reason. A boy on the second team. She has little trouble is securing satisfactory grades and is a fluent translator of French. Her knowledge of history is far reaching and she is always ready to do her bit whenever she is called upon.

THELMA McCONKEY

The out of town men cry: "Who is that good looking girl with the natural wavy hair, bangs and muffled giggle?" The answer, "Oh that is Thelma McConkey but don't get excited, for we all know that she and Ross Smith have already laid plans for their bungalow.

ROSS SMITH

Ross pulled in from Roanoke one fine day and was "sot" on entering Huntington High. Since his arrival he has made many friends, among them is Miss Thelma McConkey. Ross is also quite a "gymnasticker."

VIRGINIA KIRACOFE

Another one of our musicians but Virginia sings. Her work in the Mikado can not be given too much praise. She has little trouble in preparing lessons and she has a long list of the desired grade "E". She always has a good time and her hobbies are dancing and riding in an "Olds."

CASTLE HARVEY

A good business man and an artist is this boy. If you doubt it look at the work done by the art department of the Modulus. What do you think. his present weakness is a sophomore friend.

ALETHA SAUNDERS

A talented artist? Yes, indeed, and we are sure that her art will gain recognition for her in future years. 'Tis said that there is a young man in Roanoke. Well we are surprised. She is planning to take up art in Indianapolis and we wish her success.

2110161

MARY DOLBY

One of our 4-2 English students who can answer questions that makes every one sit up and take notice. She is also a good actress and helped to make the Senior play a success. We are sure that success is assured to her.

KENNETH STULTS

Tarzan we call him. When ever Kenneth has a senior party every one is ready to go because we always have a good time. He has been rather shy in going around with the girls but we are sure it is to set a good example for his smaller brothers in school. Noted for asking questions and his car.

WM. KINDLER

Yes Bill took the leading part in Mikado Lord High Executioner or something. Then as a member of the orchestra he made a hit with his saxaphone—jazz'n everything. The girls say he is a regular "dance" hound.

HELEN JANE GREENMAN

We are sure that fate planned to have Helen Jane a great musician of the world, because her ability has already started shining. She is the life of any party and has a long list of admirers. Is noted for her ever ready giggle and her dancing.

BERTHA BAYLESS

A follower of the basket ball world. She is on hand for any game that is played and she roots. Is generally seen with Gladys and Myrtle. She doesn't say much about the boys but we rather suspect some one in Anderson.

MARTHA YOUNG

Here is a young lady who admired tall men. Now don't rush gentlemen because Martha will give you all a chance. She drives a "Nash" and is always ready to take you a ride. Is noted for her car and ability to talk.

EDWARD GARD

Another of our boys who takes tickets He surprised us all by his fine acting in the "Charm School." He plays in the orchestra, and is generally seen flying by in his "car." 'Tis said that some young lady of this class has become his ideal.

HAZEL CREVISTON

Hazel says she is going to be a great big business lady. We all know she will succeed for she took shorthand three years, and has a manner all her own to get her through this wide, wide world. Oh, yes, never seen without Edna V.

SELBY CONKLIN

What would the business men do without our Seniors? Not much and here is a boy who helps in one of the grocery stores down town. In fact we are sure his services are required. He is always ready to help and with this characteristic he will succeed in what he tries to do.

GLADYS HECK

Another one of these shy, modest little girls and gets every lesson every day, especially 4-2 English. She likes Domestic Science but we wonder why.

LUCILE WILSON

"How did you answer that last question?" This is often asked of Lucile because she has never been known to have gone to any class without every word of her lesson. And she is indeed the life of a class because of her questions and answers. To prove that she is fearless, she spoke to us in the Auditorium. B-r-r

FLOYD BAKER

When Floyd goes into the game we know he will do his part or a little more. He always has his smile and all are attracted by his friendly manner. However girls it is too late because he has been captured.

JEANETTE HEINEY

Yes Jeanette is a shining light of the Huntington High School. She is like one of those quiet, pleasing timid and red haired maidens. We did not know her very well until after the Senior banquet, now we realize she will be the best of the winners.

GUY KEHLER

Her is a young man noted for his athletic ability and numerous dates. In dating Guy is particularly partial to elderly ladies who he amuses by gab and delightful dancing. He is making his way up in the business world as a banker and if Guy can only appreciate sweater knitting, we predict a brilliant future for him.

ELIZABETH MAY

Elizabeth has the honor of having "Dutch" for an uncle. She is another one of our good looking girls and her friendly and lovable manner has earned her many friends. She is taking advanced lessons of cooking and—well Veron will tell you the rest.

HELEN DOLSEN

Helen is known for her musical ability because you see she is from a family of musicians. She is very quiet but always seems to have a good time. She will very likely follow the footsteps of her sister who graduated last year. We wish her success.

GLEN DUNATHAN

Glen is very business like as he can be seen every morning taking up the absentee list but his time is not taken up by it out of school as the girls and his car beckon toward his spare time.

MELBA BERRY

Oh, yes, there are bobbed hair beauties galore, but none can beat this one. Melba has helped to entertain the Senior class and we all had a good time under her supervision.

LAWRENCE NIX

Another one of our yell leaders. To show that the boy has an enthusiastic disposition, he became so excited when the car left Indianapolis that he misses it, but he went on the next one. He was another one who helped the Seniors win the inter-class tournament.

MABEL YOUNG

When ever Mabel does anything we are sure that it will be done well. She is a member of the Honor Society and a basket ball fan. She played the part of a Junior in the "Charm School" and she took her part well. Her hobby is basket ball and getting lessons.

ROSS HURD

That red headed kid from Ohio. If you want to know anything about Ohio ask Ross. As sport editor for the Press he has covered himself with a glory which dazzles the eyes of Freshmen but finds it hard to convince the teachers it is worth a credit. As a kidder he is without a peer in High School.

EDNA BURGETT

Here is a very studious girl who especially likes English and English teachers. Besides her school work we understand she finds time for other affairs. Her work in the Mikado was appreciated by the audience and helped to make it a success.

PAUL COX

There is nothing beyond Paul's ability. He can play basket ball, lead yells, act, prepare lessons and make people laugh. His acting in the Senior play demands recognition and as to his basket ball ability he received the Golden Basket Ball in the Y Tourney. He will have little trouble we are sure in making his way in the world.

OLEAN BRICKLEY

We imported, along with two others, from Markle last fall and she, sure has been a wonderful mascot. We only wish she had been with us longer. She also copped our class president the first thing.

CLARENCE KLINGER

Well Clarence is what we call a "hash-slinger" in Nick's Kitchen. He is sort of a studious chap and of late there is a tale out that he has fallen from bachelorhood. The slip of calico is Marvel Shultz.

## SENIOR HISTORY

In 1919 one hundred and forty-seven Freshmen climbed the steps of H. H. S. Some came for knowledge, some for character, some for achievement and some came in the front door, so they wouldn't have to carry so much out with them. Nevertheless we got in and ninety-two of us are leaving with our various gains. William Kindler, as our chairman and Miss Hoffman, our advisor carried us through with flying colors.

Our Sophomore year was one of great fame. We of course wanted to select a bright one for chairman and all indications pointed to Ross Hurd. Miss Huffman was our advisor and during this year we came out as a real live class. Parties, parties, nothin' else but.

Then our Junior year, we were classed as the best yet. Castle Harvey, chairman, and Miss Koch, advisor, were our pilots and we went sailing along without a wreck. Our booth at the tournament cleared enough for the reception. By the way, this was absolutely one of the prettiest ones ever held in H. H. S. During this year three or four of our boys including Wilbur Petrie, Elmer Cozad, and Clum Bucher became star basket ball players. We had several parties which were very exciting.

Our Senior year, the most important of all, is the one filled most with interest.

The first thing Stult's invited the Senior class to their home for a party. The social committee arranged for hay-racks to take them out and the party was intended for a weinie-roast. The weather was not very favorable for this as it rained. Nevertheless we had it. We wish to thank the Stults for their hospitality.

Ruth Glenn and Russel Huffman were chosen as Joint Editors of the Modulus—the great work of the Seniors.

At the first Senior meeting we elected George Yerman, president; Wilbur Petrie, vice president; Helene Petrie, secretary: Jane Favorite, treasurer; Mrs. Poinier, class advisor. We wish to thank all of these people and especially Mrs. Poineer who has carried us through thick and thin.

During our Senior year a foot-ball team was organized and many of the players were "dignified Seniors." The team gained recognition over the state as a good one.

The colors chosen at a later meeting were blue and taupe with the red rose our flower; the motto—"Knowledge Our Aim—Success Our Goal."

Credit for the high school song is given to Pauline Broughton. This is a good one and is full of the right spirit.

The basket-ball team, famous over the state, has many on it who belong to this class and we are proud of them. Aren't we Ruth?

Wednesday, February 13, a Valentine party was held in the club room. The social committee and Mrs. Poineer worked hard at this and it turned out to be a success. There were three toasts given. George Yerman, toast-

master, introduced them. The first was Ross Hurd. His subject was "my past-love," and he proceeded to inform us that he didn't have any. Are you sure that isn't "a little fib" Ross?

The next was Lucile Wilson whose subject was "my present love." Lucile of course was very modest about telling us who it is. But made us all promise not to tell if she did. But if you don't tell who told you—why I'll tell you. It is Jacob Elizah Stickerhoof. Oh he brought Lucile a fortune. The minute she saw him, (for she found him in a matrimonial bureau, in the top drawer) she knew who he was. Guess. The missing Link.

Last but not least was Castle Harvey, whose subject was "my future love." Castle is awfully bashful you know and when he got up, "O how he did blush." He couldn't tell a thing about his future-love but I know he was hoping it was the same one he has now.

A delicious dinner was served in a very attractive way. The partners were formed by giving a half a Valentine to each boy and girl and he was to find the better half. Virginia Kiracofe sang three selections and later in the evening the guests returned home.

The Senior Play "The Charm School" was given March twenty-second and twenty-third and met with great success. We wish to congratulate Mrs. Kelsey for her ability to "put-it-across."

And now as we leave this dear old building we feel a pang of regret. It hurts to feel that never again will we be climbing the high school steps with the same purpose in mind. Thanks to the faculty for their kindness toward us. Thanks to you, Mr. Byers, for your deep interest in us. And Mrs. Poinier, may you realize how much you have done for us. Your untiring patience and ability have made us bigger and better.

Good-luck, H. H. S. in all you undertake.

Farewell.

Katherine Wasmuth.

## CLASS PROPHECY

Bidding a fond good-bye to my friend Martha Young, the best known osteopath in the world and the most quarrelsome altho lovable person I ever knew, I left Chicago on the Erie (now in its old age) for Huntington. Earl Lahr was the conductor. He said he liked his job because he could sleep in-between-stations, and he immediately fell asleep.

Sitting directly ahead of me was a very living couple. When Donald Plasterer came along, selling peanuts, popcorn and punch, I asked him who they were. He said it was Elizabeth Perry and Murray Annon on their honeymoon. Before I had time to faint he pointed out Vera Keel and Orlistis Kettering on the same mission.

At North Judson Melba Berry ascended into the car and sat down beside me. She spoke, "Would you like to buy some of Finley's Beauty Clay—?" Then recognizing me, she stopped. I asked her for news. She said that revival services were being conducted in Huntington by the Rev. La Bar and his singer, Professor Grim and that I should be sure to attend as Selby Conklin created a diversion by joining every night.

At Bippus the whole town turned out to see the train go through. In the front row I saw Clarence Klinger, Ruth Fetters, and Edna Swearers, residents of the big city according to Melba.

At last the train pulled itself and me into Huntington. I gave Earl Wells, baggage man, my portmanteau, and climbed on board a large, luxurious, purple taxi. Suddenly I sat up and stared at the driver. Surely I had seen that decrepit looking sweater before. Once it had been a vivid red but now it was faded and darned in many places. "Presnall," I gasped, "is it really you?" He assured me it was and noticing my glance at his sweater, he explained that he was quite wealthy now but the old sweater was so comfortable and besides he always had to be dressed up around the house. Mildred Stults, it appeared, had gotten over her dislike for him and had given him her heart and hand. He told me many things about old H. H. S. associates. He and Ross Smith, known as Smith Bros. had bought the Cozy Taxi line and were very successful.

Elmer had invested his share of the profits in oil and had become an almost millionaire. Many girls beseiged him but his heart had been broken in H. H. S. and he shunned 'em all.

The mention of Elmer's name reminded me of the Team and I asked about the rest.

Ruth and Wilbur lived together happily (of course) in Fort Wayne where Pete was the leading lawyer.

Floyd and Ruth Fulton had married and moved to New York. Floyd was an actor and his acting of Hamlet had brought him millions.

Earl Yoos was manager of the Huntington Light & Fuel Co., and at six o'clock every evening Earl cranked his Rolls Ruff racer and (after taking home his stenographers, Elizabeth Metzger and Helene Petrie) he bounced home to his ten room cottage where Marjorie Bell and a nice supper awaited him.

Then I asked of others.

Olean Brickley was president of the Markle Business University famed the world over because Faye Fulton, the dancer, had graduated from it.

Edna Burgett, soprano, William Kindler, tenor, and Thelma McConkey, violinist, were among the best received numbers on the Lyceum Course.

Virginia Kiracofe had given up the rosy-hued future that she might wind the cat and put the clock out for the sake of some mere man (whose name Presnall did not know.)

Pauline Broughton, after having many love affairs, none of which led to the altar, came to the conclusion that all men were alike and not worth worrying about, so she became a great musician and composer.

A. C. Beeson, having been sued for breach of promise by a girl whom he met in Lafayette, gave his heart to Mary Helen in order that it might never happen again.

Marguerite Sharp had not married, saying, like Elmer that her heart had been cracked. She was stenographer for John Beardsley, Mgr. of the "Evening Bugle.'

By this time we were down town and I left my purple chariot. The first person I saw was Bertha Bayless, mumbling to herself. I asked her what her trouble was. She said that she was a disciple of Coue and was trying to get thin repeating, "Day by day, in every way, etc." I told her it wouldn't do any good because I had tried it myself.

The only news she could give me was that she had married and had to work for her living as her husband spent all of his time at Lengel's Bowling Alley, matching pennies with Ed Gard, Grand Past Elevated President of the Bachelor's Brigade.

Suddenly a gruff voice said, "Move along there, you." I jumped. It was Paul Cox and his star proclaimed him Chief of Police. He said business was fine; he had just run in Cassius Keller for unruly conduct on the streets. Everything would be fine he remarked, if only Lucile Wilson, his wife and Mayoress of Huntington, would treat him better. I sympathized with him and went on.

Where the famous "Star" used to be I read on the window, "Margaret Burroughs, Art Designer. Mary Herzog, Fancy Work."

I stopped to talk to them and across the street I saw the sign "Paul Nix. Haberdasher." Margaret said that Crystal Miller was his clerk but that gossip said she would soon be his bride.

Then I passed the Huntington Theatre at which Roderick Cutshall was still head usher.

The billboards announced that Wayne Long and Lyle Shaw were co-staring in. "The House of Seven Gables," while Helen Dolson saxaphone-ist, and Grace Drummond acrobat would appear in Keith vaudeville.

Five doors down the street Alfred Keller had bought Steve and spent his time bossing his soda-squirt Byron Richards.

Then I went up to the high school.

Paul Whitacre was principal and he told me about the rest of the faculty.

Grace Alwood was Stemen's assistant and was helping him write a book on Physics.

Geneva Huvette was school nurse, truant officer and Paul's wife.

Aletha Saunders had studied in Paris and was now doing her bit helping H. H. S. students understand higher art.

Hazel Crevison taught Geometry and had her own private aeroplane.

Castle Harvey had risen to the high exalted position of head custodian of the building.

Mary Dolby—succeeding Mrs. Kelsey, now directed the Senior plays written especially for them by Guy Kehler, tenth vice-president of the Far-

mers National Bank at Columbia City and prominent clubman of the same place.

In the hall I saw a picture of Dorothy Ertzinger, winner of the spelling contest at Pumpkin Center, who was now in Paris winning further honors.

In the Chem. lab. I noticed some new equipment. Prof. Whitacre explained that Maurine McComb had substituted for Suter one day and had blown part of it up, herself included.

By this time I was hungry so I went to get something to eat. There I met Josephine Gear. After writing a book, "Success in Business" and making some money, she became a school teacher. I asked her where she had gotten her becoming clothes. She said that she bought all of her clothes from Sara Bronstein, modiste, in Paris.

She also said that Margaret Young and Gladys Heck were members of the Zeigfield Follies and two of their most ardent admirers were Helen Jane Greenman and Katherine Wasmuth. Both of these had married millionaires and now led New York's four hundred in their capers.

Russel Hoffman was editor of the Warren Weekly Clarion with Ross Hurd as sport editor and Bessie Buzzard as editor of "Advice to the Lovelorn." When the team goes to Warren Ross gives us a good write up and keeps them from charging us double prices.

Jane Favorite took up nursing but after Clum graduated she gave it up to do General Heartwork for One.

Jeanette Heiney always showed ability to boss and was Queen of the Home and Ruler of Paul of Mt. Etna.

Hershel Welker, who had never paid much attention to the girls in H. H. S. now had a harem full of 'em in Turkey with Dorothy Holmes as his main Sheba.

Just then some one else came in.

It was George Yerman, still president, but this time of the Chauffeurs Union. He drove the President's car and hoped to be president himself as soon as he was old enough.

John, being a bashful shiek, had applied at Mildred Kronmiller's matrimonial bureau for a wife; a few weeks later he had led Dorotha Anderson to the altar.

I spent the night with an old friend Camilla Kriegbaum, who, with her worser half, Balser Neuer lived on the farm and milked the chickens and fed the cows.

She told me that her nearest were Elizabeth May and Vernon while over at Union Center Edna Vielhauer set the styles as village dressmaker.

She also said that at Huntington College Reba Weller was head of the department of journalism when she wasn't defending her reputation as a golf-player.

Their hired man was Glenn Dunathan who was in reduced circumstances. He had made a fortune but had lost it to Kenneth Stults betting on croquet games.

While reading the paper the next morning I learned that Laurence Nix had lost his voice leading yells at Yale and now he was in Gladys Nifer's sanitarium where Dorothy Sands with her quieting influence was head nurse.

I completed my business which was to buy some spare caskets from Patrick Moore, undertaker, and a few hours later I journeyed back to my own undertaking parlors first wiring Martha to kill off a few of her patients as my business was slack.

Mabel Young.

## THE JUNIORS

The class of '24 started out last fall to make themselves known as the "class that does things." The first meeting was held on December 7th, at which time the following officers were elected: Richard Weybright, president; Erma Burton, secretary; Edith Heck, treasurer; and Miss Koch, class advisor. A few weeks later another meeting was held for the purpose of choosing a committee, which was to serve the entire year, to help plan with the officers for the coming events of the year. The "advisory committee" idea proved to be a very efficient factor in taking care of the class's business, and besides, it produces a democratic feeling among the members of the class.

On January 11th, the Juniors held a party in the club rooms, but due to another entertainment going on at the same time in the auditorium there was only a small per cent of the class present. The evening was spent in playing games, after which refreshments were served, at an early hour.

On Friday, February 9th, the Juniors brought to the H. S. Auditorium, the Coffer-Miller Players of Chicago who presented "The Rivals," a comedy written by Richard B. Sheridan of English fame. The play was a howling success in every sense of the word and was appreciated very much by the large crowd that saw it. This was the first time that a Junior class has ever undertaken such a project and at first the outlook was rather gloomy, but as the day of the play drew nearer, the Juniors seemed to take a new attitude toward making the play a success, and then, when the final report came out, everyone seemed surprised but highly elated, because they knew that they had made good, and besides the joy of success, was a grand and glorious satisfaction.

In this summary of the class's activities, the Juniors wish to express their appreciation to Mr. Byers, who made it possible for this play to be brought to Huntington, and also to Miss Koch who spent so much of her time in helping make it a success.

At the county basket ball tourney held in the H. S. Gym March 2nd and 3rd, the Juniors conducted their annual refreshment booth which was patronized splendidly by the fans, but due to the fact that this year there were fewer teams in the tournament, the crowds were smaller and consequently the sales did not equal those of previous years.

In one more year when this noted class graduates, it shall not be said that they have ever been surpassed in all the requirements that go to make a class that will be remembered, and since we have shown what we can do as Juniors, it is hard, indeed to even try to say what the result shall be when we are Seniors, because, "every day in every way we are getting better and better."

## WE SOPHOMORES

Early or late, always on time are we,
We work all time and burn the midnight oil.
The Sophomore class of Nineteen twenty-three
Is best the teachers ever had to toil.
And when the work is over, comes the play,
A better crowd you'd search in vain to see.
If choosing which class is most bright and gay
I'd take the Sophomores—Nineteen twenty-three.
And one thing higher stands than all the rest:
And that's their ever ready loyalty.
Ask any one which class turns out the best,
They'll tell you "Sophomores Nineteen twenty-three."
So here's to the Sophomores in work, pep and fun
They'll be the pride yet of old Huntington.

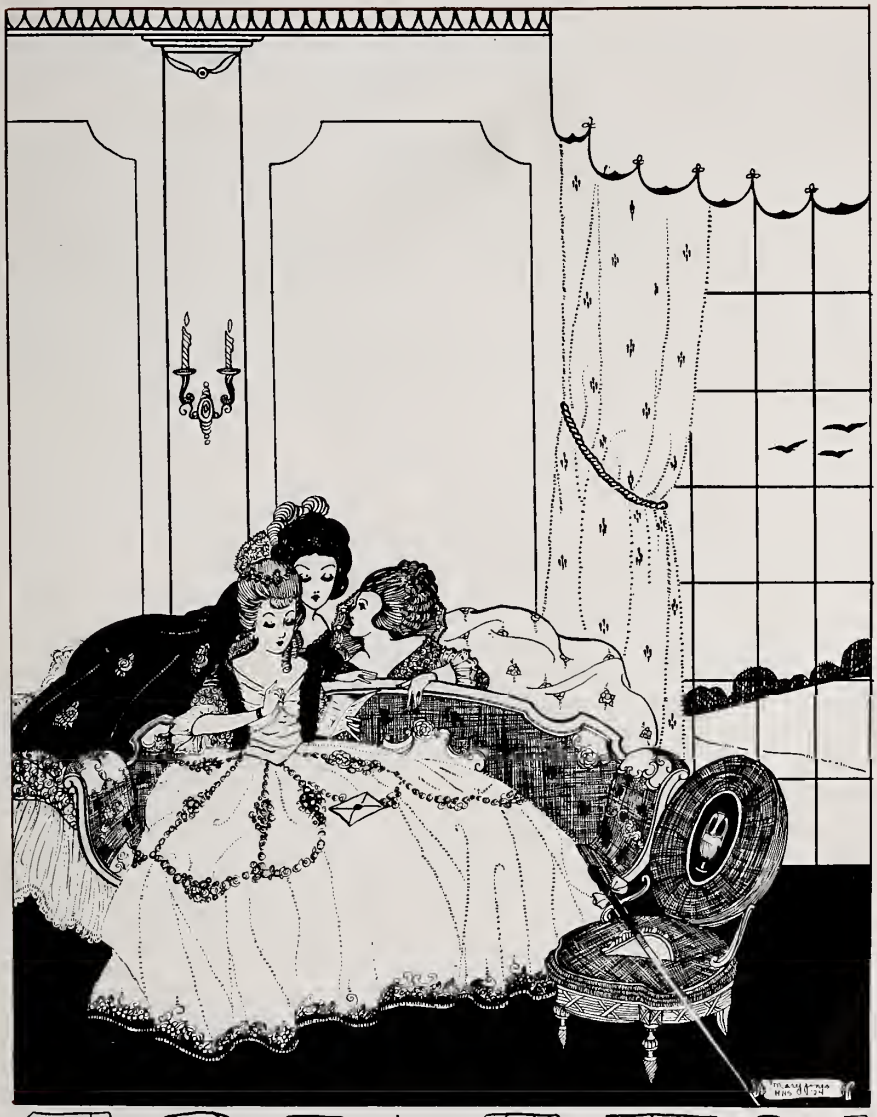
## TO THE FRESHMEN

The diamond best rays
Flash from the carved stone;
So genius wins praise
By labor alone.
The hand on the dial
Goes ceaselessly round
And the ultimate goal
By the worker is found.

A fluid takes shape
Of the vessel that holds it;
A soul, too, is formed
Of all that enfolds it.
Choose therefore thy friends
'Mid the learned and wise,
That straining to them
Thyself thou mayst rise.



# SOCIETY

## THE SUNSHINE SOCIETY

The Sunshine Society has another page of golden history added to her fame. Flowers, cards, kind deeds as well as kind words have been sent where most needed.

Our motto "others" has been an outstanding feature throughout the year. For the first time in the history of the Sunshine Society we have held parties for the mothers of the student. The mothers have learned what is meant by the Sunshine Society of the H. H. S. and in future years will understand our duties as well as the beautiful meaning of "sunshine."

The plan of the Pathfinders was carried out again this year and the Lost and Found have replaced many lost articles into the hands of their owners.

Last year the first State Convention of the Sunshine Societies was held at LaFayette. The purpose of this convention was to bring together the societies already formed and to organize new societies.

Sunshine is rapidly becoming a National affair and through this union is pouring out, over the dark places, kinder, warmer and larger rays of sunshine.

In business affairs along the line of finance the girls of H. H. S. have displayed their ability and have reached the hundred mark by selling pies and fudge at the Basket Ball games.

The officers for this year were: Virginia Doudna, president; Mary Helen Giehart, vice-president; Dorothy Ertzinger, secretary, and Lyle Shaw, treasurer.

We have always been ready and willing to help in all that we could and, under the splendid direction of Miss Altman and with the untiring co-operation of the girls, we have furthered "sunshine" on its immortal pathway of gladness.

Virginia Doudna, '24.

## HONOR SOCIETY

The Huntington Chapter of the National Honor Society of Secondary Schools is a new organization in the school. This chapter was formed in the year of 1921 and was the first society of this kind in the high school.

The purpose of this organization is to create an enthusiasm for scholarship and a desire to render service. It promotes worthy leadership and encourages the development of character in the members and in the pupils of the school by the example set by the members. The aim of this society is high but the pupils and members show that something has been accomplished in the right direction.

There are two groups of members. They are the active members and graduate members. Membership in this chapter of the society is based on scholarship, service, leadership, and character and if, at any time, a member does not come up to the standard of the chapter he may be dropped from the society by a majority vote of the faculty council. The names of pupils eligible for membership are proposed to the council by any member of the faculty. The council consists of Mr. Byers, Miss Altman, Miss Kline, Mrs. McCrum, and Mr. Suter. The council elects the members to the society. The prospective member has to receive at least four votes. Not more than fifteen per cent of the senior class or twelve and one-half per cent of the junior class can belong to the chapter.

This chapter has a president, vice-president, secretary and treasurer. The officers can only hold office one semester. They are chosen by a majority vote of the members. The officers for the first semester of this year were Wilbur Petrie, president; A. C. Beeson, vice-president; Ruth Glenn, secretary; and Elmer Cozad, treasurer. The officers for this semester are Wayne Long, president; Paul Cox, vice-president; Lucile Wilson, secretary; and Dorothy Ertzinger, treasurer.

The activities of this chapter are under the supervision of the principal and the faculty council.

The business men of the city recognize the members of this chapter as being the ablest students and of being the best in character in the high school. There is no better recommendation to the business men than to be able to say you were a member of the Honor Society.

In the future the good effect of this organization should be felt by everyone. More so than now because it is such a new organization.

## HI-Y CLUB

The purpose of the Hi-Y Club is to create, maintain and extend throughout the school and community high standards of Christian Character.

The Hi-Y as a word is a short form for High School Young Men's Christian Association.

The motto of the Hi-Y club is the "Four C's" which are clean speech, clean habits, clean sports and clean scholarship.

Membership is given any young man pupil of the three upper classes in the high school who subscribes to the stated purposes of this organization and is elected by the Executive Committee.

The Hi-Y Club of Huntington was first organized in Ocotber 1920. The charter members who, after attending the Y. M. C. A. older boys conference at Crawfordsville, held their first meeting at the Y. M. C. A. in October. The charter members were Randall Dippell, Earl Fulton, A. C. Beeson, Emmett Pionier, Kenneth Ware, Cleon Johnson and Clum Bucher. Randall Dippell was elected first president of the Hi-Y club in Huntington.

Kenneth Ware was president of the club in the second year. In this year the club gave a banquet at the high school for their lady friends. At this banquet talks were given by members of the club and by several business men of the city. Another feature was the music which was furnished by the high school orchestra.

The club meetings are held every Thursday evening at 6:15 in the Y. M. C. A. The club holds meetings only throughout the school year. The election of officers is held at the first meeting at the beginning of the school year. In these meetings new names are bought up before the club and voted upon by the executive committee. Initiation of the new members is held once a month. The initiation is a very important part in the work of the club.

Each year the Hi-Y club holds its Father and Son banquets in the Y. M. C. A. One of the new features introduced this year by the Club was the Mother and Son banquet which was held at the Y. M. C. A. The affair was very successful and plans were made to make the banquet a yearly affair.

The Hi-Y club participated in the state-wide Bible study contest conducted by the State Young Men's Christian Association. While all the members were not enrolled in the Bible study, a large part of them took part in the work. With Mr. Scudder as the teacher of the Bible school it has proved very beneficial to the club.

## THE CHARM SCHOOL

The story begins with the arrival of a letter to young Austin Bevans, telling him he has become the owner of a fashionable girl's school through the death of an aunt. He immediately starts to make plans for taking over the school and decides to turn it into a "charm school." While he is telling the boys his plans, Homer Johns makes his appearance. He is guardian of Elise Benedotti who attends the school. Mr. Johns tries to make Bevans give up this idea but finally realizes that he is in earnest. But on account of a heavy mortgage on the buildings, Bevans realizes he will need money and this is furnished by Johns, who makes two propositions—that none of the pupils fall in love with him and that he retain Miss Hays as second in command.

Difficulties arise at the school upon Bevans arrival. Bevans speaks to the girls and makes a great impression. But against his wishes, he falls in love with Elise Benedotti and in the end gives up the school.

The girls in the school scene are very indignant at first at the idea of "charm" but finally fall in love with it. Miss Curtis, the school secretary, tries to make a good impression on Bevans for she is a great admirer of him. The boys accompany Bevans to the school and become teachers.

Play produced under the direction of Mrs. Knowlton Kelsey assisted by faculty committee of C. E. Byers, Mrs. L. M. Poinier, and Miss Anne Koch and the following members of the Senior Class: George Yerman, Lucile Wilson, Dorothy Ertzinger, and Frederick Grim.

THE MIKADO

The girls and boys chorus classes this year gave the splendid operetta, the Mikado. This charming traversity of Japan has been the greatest popular favorite of all comic operettas.

Too much cannot be said of Mrs. Branyan, who directed the entire play. She worked unceasingly with the cast and the chorus and it is to her untiring efforts that the play was a success.

A beautiful lowered ceiling of flowers and Japanese lanterns made up the setting for the play and made quite a Japanese effect which was very beautiful.

The story is so well known that only a brief outline of the plot will be told.

Nanki-Poo is in love with Yum-Yum, who is betrothed to her guardian, Ko-Ko, Lord High Executioner. Poo-Bah, "retailer of state secrets at a low figure," tells Nanki-Poo of his sweetheart's betrothal to another, but the young man secures an interview with Yum-Yum and confesses he is the Mikado's son disguised in the hope of escaping punishment for his refusal to marry Katisha. Ko-Ko receives a message from the Mikado, telling him he must see that someone on Titipo is beheaded within the month or he will lose his position, which message interferes with the Lord High Executioner's matrimonial arrangements. Nanki-Po agrees to sacrifice himself if he may marry Yum-Yum and have her with him during the intervening month. This is agreed to and the wedding plans are made.

At the opening of the second act, Yum-Yum is preparing for the ceremony. While talking with Nanki-Poo, she is interrupted by Ko-Ko, who tells her that according to the law, when a married man is executed his wife is buried alive. This news cools Yum-Yum's ardor, but Nanki-Poo, to save her swears that he will that day perform the Happy Dispatch of hari-kari. As this would be dangerous for Ko-Ko, he promises in alarm to swear falsely to the execution of Nanki-Poo.

The Mikado now arrives and Ko-Ko tells him the execution has taken place, but the Mikado, on learning who the victim is, flies into a rage and

says he has beheaded the heir to the throne, and must suffer torture for his act. However, Nanki-Poo opportunely appears and Ko-Ko gains his pardon by marrying Katisha, while Yum Yum and Nanki-Poo are happily united.

## THE CHORUS CLASSES

The girls' chorus under the direction of Mrs. Branyan and also Mrs. Brown, who directed them during Mrs. Branyan's absence, has accomplished more this year than any previous year. At least they obtained some worthwhile training while studying the chorus's for the Mikado.

The boy's chorus, being a practically new idea was not quite so large as the girl's but nevertheless was large enough to show that this course is well appreciated and I am sure it will be better attended as time goes on. They received excellent training in the rehearsals for the Mikado and their choruses at the first of the opera were very well received.

## HUNTINGTON HIGH SCHOOL FOOT-BALL

For the first time in over a tenth of a century Huntington High School was represented in the line of sports known as foot-ball. We had to round an entirely new squad into shape and due to the efforts of those interested we put a very good team into the field. All games were played at home on the Erie Foot-Ball Field. It is not such an easy matter to get a team in the field after that branch of sport has been dropped for a number of years and the other big difficulty was to get fans interested which was another proposition due to the above reason. A much better season would have been completed had better support been shown by the students.

Rumors that foot-ball would be discontinued in the future are entirely false because it will be started again next fall with great vigor. For many years basketball has been the main sport in Huntington High School, but this year much stress has been put on the idea of giving a larger variety of athletics thus giving more students the privilege of taking part.

A Wabah Valley foot-ball league has been planned for next year in which a percentage system has been arranged so that the team coming through the season with the highest average will receive the laurels. Teams entered are Logansport, Peru, South Side of Ft. Wayne, and the local team.

We completed last season with one victory and three defeats which was a fairly good record considering the class of teams which were met during the season. Letters were presented to eighteen men this season.

Besides being represented in foot-ball, a base-ball nine will be placed on the diamond and a schedule has been drawn up. This, also is a new line of sports but we have the material to put an excellent team on the field. Coach Stemen issued the call for the try out of batteries the first part of March. The season will open in April.

* Games Lost ? Games in Doubt

C. B. Stemen, that Big thing, who has been of the greatest asset to stringing up the record we have done since he has been in our midst. In the prime of his love scenes he has found ample time this year to put a creditable foot-ball, basket-ball, and base-ball team in the field.

COZAD
"Cozy No. One"
Forward

Elmer Cozad, who has made himself quite a name in the line of basketball this season. When it was needed he was there to see that they got it. He has been one of our most reliable players all season and we will surely miss him on our team next year.

PEARMAN
"Fat"
Guard

That husky back guard with those rosy cheeks. One of our hopes for next year. Proving himself very formidable opposition to our opponents and another asset to our long string of victories. Caught several times going home whistling at 10 bells.

BUCHER
"Ikey"
Guard

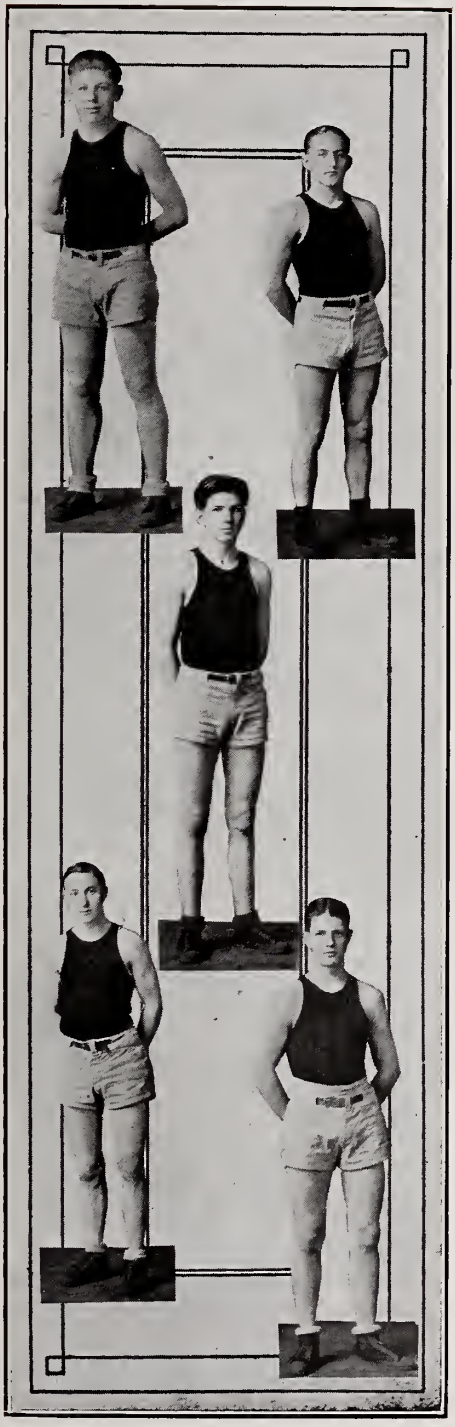
"My name's not Ikey, its Clum." And once more the missle had been sent on its way. He's been with us two seasons and has another promising year ahead of him. If no one else can get through give it to Bucher, and that's what made him a name at the state tourney.

NEWELL
"Bull"
Forward

Bill Newell, that lucky forward who has scored a large part of his teams points this season, and who will be with us next year. We have always thought him bashful, away from the basketball court, yet there are reports of a "steady." Noted for talking about a "Martha" in his sleep.

PASTOR
"Hawkeye"
Guard

Horace Pastor better known in the world as "Hawkeye" held down the back guard berth with great skill. He has been a letter man for two years, yet 'tis true he will not be with us next year. He was that short little big thing in the road when our opponents tried to wiggle the meshes.



PETRIE
"Bun"
Center

Wilbur Petrie, our fighting dough-boy, who for the past two seasons has been one of the big reasons why we did what we did, leaves us this year yet not forgotten. When we see him trot back to center, and hear the gasp of a willful maid we know Huntington has crept up two points.

COZAD
"Cozy No. Two"
Forward

Just call "Cozy" and the oldest twin will answer. A hard player all season yet cupid had shot his arrow. Much credit should be given him for his ability and fight. He will be with us next year and we are expecting much.

LONG
"Brushie"
Forward

Wayne Long, who has shown us that he does understand the art of basketball and has proven a very promising player this season. He played through the entire district tourney and was one of our big assets in winning. Watch out girls!

BAKER
"Orn-ery"
Forward

Who's that little fellow with a handful of tricks? Another missing face in the line-up next year yet we are surely proud to have had his help this year. Just turn him loose and there's bound to be fight—just ask the second team guards.

YOOS
"Big Swede"
Forward

He only got into the game the last half of the season but he surely made things hot while he was there. He hails from Markle and is a credit to the town—at least the feminine populace think so. Noted for his "playful attitude" toward his smaller opponents.

## WABASH BLUES

We all started for Wabash by special car
And we met with adventure tho it's not very far.
The girls were all dolled and looking so prim;
While the team was as usual in excellent trim.

Now we thought that Wabash would fall easy prey
To the team that can lick Kokomo any old day;
But where skill is lacking, a "good" referee
Is an excellent way to assure victory.

And when our team came out on the floor,
Their tactics and team work soon piled up the score.
But Wabash surprised us and kept close behind,
And at recess the score stood just 12 points to 9.

The struggle is fierce; just a minute to play!
"Petrie fouled", Esby, and the Wabash fans say.
"We're still one ahead; the natives can't win!
"Come on!" Make a basket; just drop that ball in!"

What's that? Cozad swore? Was it "darn it" or "gosh"?
He may have said something, but we think it's all bosh.
For Elmers as splendid in morale as looks,
He's the kind of a hero we read of in books.

Three free throws for Wabash; and now it's a tie!
There's the gun! That last doesn't count does it? Why?
Because dear old Wabash needs that point to win.
Unfair! Oh no! But slang is a sin.

"Now Wabash you're wrong, despite your blue laws"!
There's the shaking of fists and the working of jaws.
But our young folks are cultured, altho they forgot;
And no violence occurred, tho all thought a lot.

We'd rather be conquered than win by foul means,
So take your old point and the "laurel wreath" greens!
Still we have this comfort, we are not alone,
Wabash is known to win ALL games at home.

When Manchester played her, she treated 'em rough,
Disabled two players; her sportsmanship's tough.
But why should we this instance relate?
For in spite of her prowess, she did not take the State!

Now we aren't just perfect; saints cut and dried
But the golden rule to advantage we've tried.
And if Wabash should play here at some future time,
We'll forget our old grudge, and treat her just fine!

Mary M. Dolby, '23.

HUNTINGTON 71—NAPPANEE 12

Here

Opening the season with this victory we were very much pleased with Coach Stemen's lads showing. We simply swamped them; they didn't have a chance from the start. Everybody was "hot", slopping them in from any place on the court. If we could only have had Wabash here that night.

HUNTINGTON 18—ANDERSON 19

Here

Our old rival came and went back home with the bacon but she'll remember how she got it. Beyond a doubt this game was the master-piece of the season and the best game played on the home floor in many a day. The game was no one's till the gun went off—some game. Bucher was in rare form and he went through the Anderson defence like it was a sieve.

HUNTINGTON 19—WARREN 11

There

Well they didn't move the court house to Warren. Trailing at the end of the half 5 to 7 we staged a whirl-wind comeback and grabbed a victroy. More Huntington fans witnessed the game than Warren rooters. Our opponents put up a very good fight but they were hindered greatly by the oats in their ears. We were hitting our stride then and it would have taken more than Warren to stop us.

HUNTINGTON 38—ROANN 10

Here

Ft. Wayne forfeited so we had to take Roann into camp by this one-sided score. There was absolutely no doubt as to the outcome of this game. Everything went off smoothly; everybody went fine; everything went fast except Roann?????

Huntington 29—Logansport 23

There

Well we went down and took the home of the lunatics into camp in fine style. Cozad and Newell were going in fine style and received a very good write up in a Lafayette paper. The Logansport lads put up the fight of their young lives but that didn't matter much. Logansport don't look as good without Stonebraker.

HUNTINGTON 18—MARION 22

There

Our second defeat of the season came at the hands of our "jinx" Marion. They put us out at the regional tourney last year but we couldn't get even but remember, they come here on December 22 so just wait. Nevius showed up well at the back guard berth.

HUNTINGTON 35—KOKOMO 16

Here

The fighting Wildcats haven't got anything on us 'cause we made them look funny. Beat them nineteen points, not so bad. eh! They had some good playing but that don't count much when they're playing in Huntington.

HUNTINGTON 23—LAFAYETTE 22

There

We went across the state and took Jefferson down a peg by giving them a one point drub. Maybe you don't think this game was a thriller but just the same it was. Down at Lafayette they say "Oh! one point isn't much." But here we consider it just as good as a mile.

HUNTINGTON 18—MARION 16

Here

At last the long waited for arrived. Hurrah! Hurrah! now we've got the laugh on Marion. Ha! Ha! Playing in good form our boys went into the game to win or die, or rather that was the spirit shown. We led from the start although at no time was the outcome of the game certain. Marion has a strong come-back but it didn't work this time.

HUNTINGTON 38—LOGANSPORT 22

Here

Not going so good in the first half but coming back with a terrible rush in the latter half of the game we outplayed them and annexed our second victory from them in as many attempts this year. We are starting out the new year with a rush so look out for Huntington. Newell aided the score with ten field goals.

HUNTINGTON 17—FT. WAYNE (S. S.) 13

There

Helped along with a number of rooters we were able to win from South Side and this was sweet revenge for the defeat they handed us in foot-ball. The squad out-played them more than the score shows but just the same they've got a good team this year. Everybody set for Wabash next Friday.

HUNTINGTON 24—WABASH 25?

There

A battle royal but its true they are supposed to have beaten us. We were going in the worst possible style so they were able to creep up on us and then when the score was tied and the time up the official decided that Wabash deserved the game so he gave them a free throw after the game was over. Baltzer Neuer was given honorable mention for his fighting spirit.

HUNTINGTON 53—COLUMBIA CITY 2

Here

After the beating we gave them in football they had nerve enough to try to beat us in basketball. Their lone tallies were by their hard efforts, but if they didn't get any more moral victory than they did points, it was a game wasted. Yoos who became eligible this semester scored seven field goals as a starter.

HUNTINGTON 33—FT. WAYNE (Cen.) 15

There

Ft. Wayne hasn't enough to beat us so we just thought we would add another victory. Quite a few rooters went to Indiana's second largest city. Now we have revenge for all Ft. Wayne has ever done to us so let's keep the slate clean.

HUNTINGTON 50—EAST CHICAGO 10

Here

The bigger they are the harder they fall or at least that's what Huntington thinks. Chicago didn't have much up their sleeves, the score shows that. Mr. Smith, formerly of Huntington, couldn't see his old home get beat so he took his team home without it.

HUNTINGTON 27—KOKOMO 18

There

Even after the whole team, or at least a part had been sick with the "flu" we tore up Kokomo in fine style which makes a round trip ticket for us. Everybody was going in rare form and played good basketball. Yea Huntington let's go!

HUNTINGTON 36—BLUFFTON 15

There

Our neighboring town, Bluffton, will remember us. The score in this case also does not show the truth about the game, as it was a very good game even if we did beat them twenty-one points. They were hard fighters and deserve much credit.

HUNTINGTON 15—ANDERSON 29

There

We had our usual special carload of rooters along but even that can't always win the game. Anderson was the least bit chilly over the matter before the game even if they didn't show it much. Our boys just simply couldn't get to going in the first half, but if they had we would have been on the other end of the score because we beat them in the last half.

HUNTINGTON 30—BLUFFTON 16

Here

Leading from the very start and at no time in danger we annexed the fifteenth victory of the season. The game was rather mild at times yet in the second half Bluffton did show plenty of fight but the lead was too great. We bid them good-bye till next year.

HUNTINGTON 44—KEWANNA 15

Here

Closing our scheduled season with a victory gave us great encouragement. Kewanna is a new team to our acquaintance but they know us now. At times it was almost necessary for the referee to put on boxing gloves but that made it all the more interesting.

## TOURNAMENT

District Regional State

Huntington High School's basketball team completed a very successful season winning a very large majority of their games and fighting their way into every tourney they showed up well. This season they disposed of most of their old enemies although our old rival, Anderson, did take a round trip ticket—yet she was the only one. During the season the largest score ran up by our opponents was 29 while our boys reach the half century mark or past on four occasions.

Of our twenty-five games this season we were able to pull out twenty victories and tallied 811 points to our opponents 390 points. This is indeed an excellent record and one which has not been beaten in the past and one which will make a good objective for our future teams.

Little opposition was shown in the district tournament which was held in Huntington on Friday and Saturday, March the second and third. We sailed through the tourney scoring 128 points to our opponents 20. Warren the runner-up in the tourney was taken into camp in the finals by the score of 27 to 13. On the All District team which was chosen by the officials at the close of the tournament, every member of the Huntington team was given honorable mention.

Drawing the bye in the Regional Tournament which was held at Ft. Wayne on March 10, we met and crushed the much talked of Connersville basketball team in a very good game yet we were not put to our utmost as the score shows. We led them from the start although they did keep even pace for about five minutes. A special car-load of fans from Huntington witnessed the game. Yoos of Huntington was given the forward berth on the All Regional team.

By winning this game we were due to meet the fast South Bend team at Indianapolis on March 17 and 18 to the state meet which would decide the championship of the state. A special carload of fans accompanied the team and saw the Huntington squad defeated 23 to 13. This closed our basketball season, one which was the most successful in recent years. No alibi is offered; no regret is found; we did our best. Bucher and Yoos of Huntington were both mentioned at the state meet.

## HUNTINGTON RESERVES SEASON

The Reserves closed a very successful season and have polished several players for next year's money. Their line-up has been changed from time to time as their players improved in the eyes of the coach thus giving them a chance on the first team. They have met and played most of the High School basketball teams in the county and have turned out the victor in some worthy games this season.

This year something new was started in the line of giving the second string players a token of the High School's appreciation of their bumps and knocks in giving the first team something to practice and knock around, so minor letters were given those deserving them. Although these letters were not the block letter type which is given the first team they show the same idea.

Those receiving the minor letters this year are: Harlow, Nevius, Keller, Kreigbaum, Batteiger, Montague, Wasmuth, Welker.

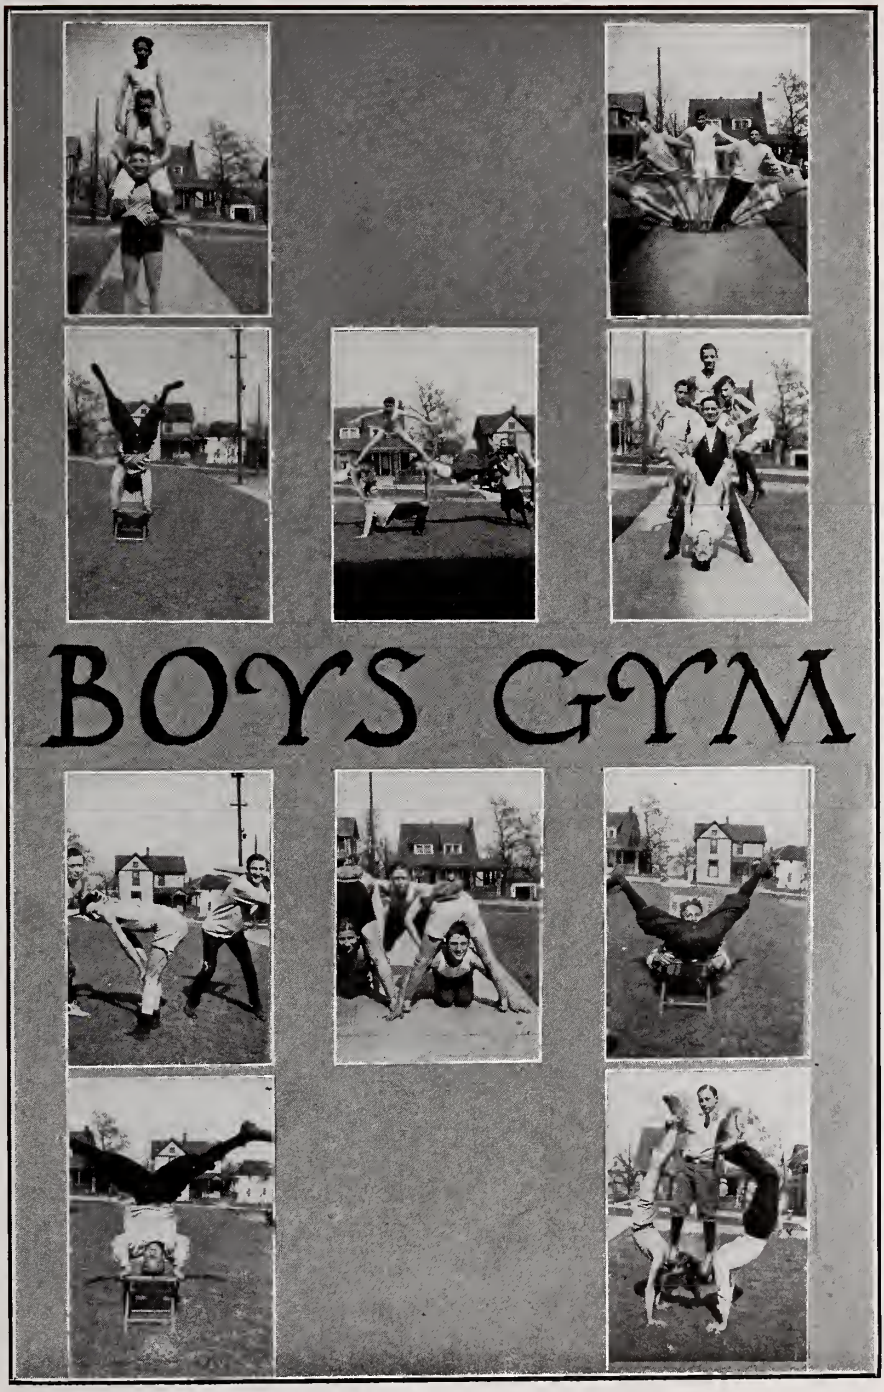
## PHYSICAL EDUCATION

Physical Education in common with all other branches of the curriculum has been undergoing important changes with the adaptation of modern theories to the teaching of high school girls. Calisthenics, Gymnastic Dancing and Competitive Games have come to occupy a well merited place in the girls education. Class spirit and rivalry among the girls is always awakened upon the announcement of a new game. Among the many new games introduced this year, Corner Kick Ball proves to be "the game."

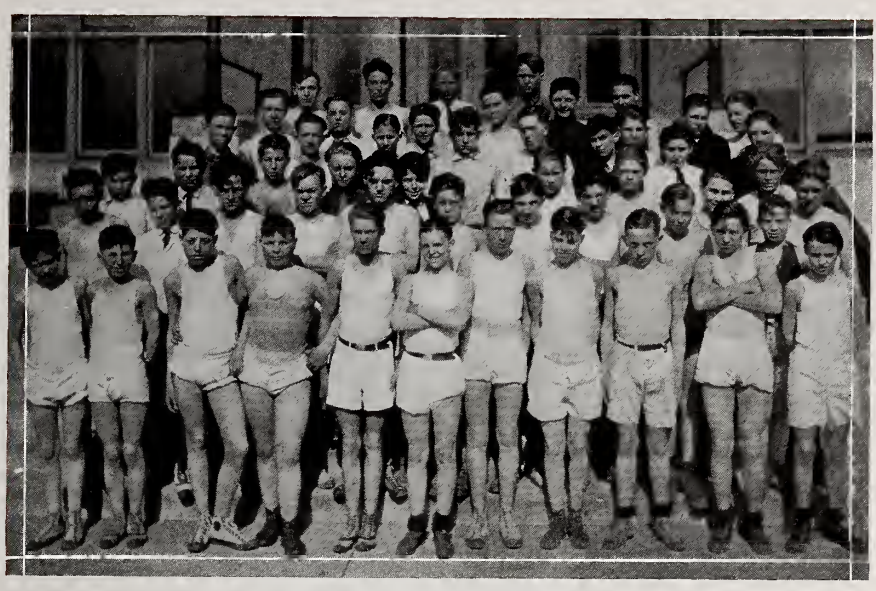
Due to the thorough co-operation of the parents, the school nurse and physical training instruction, much can be said of the fine physique of the student group.

JIM KISER

Jim is a friend to everybody and helps put on all our shows and Banquets. He is a favorite to show coaches who want "Mistah Kisah" for something.



BOYS GYM



BOYS' GYM WORK

Boys' gym work has increased this year until the classes have been enlarged many fold yet they are at present hardly able to meet the demand of the students for the gym course. Five years ago the first gym exhibition was held in the High Schaal Auditorium in which a mere handful of participants were present. Now two gym programs are given each school year and there are possibilities for a third.

The gym is fully equipped with apparatus and material so that the most thorough course can be given to those desiring it. Gym is held on Tusdays, Thursdays and Fridays of each week. The general program for the work although this varies due to the practicing for exhibitions and the working for medals, is working on the apparatus on Tuesdays which is the real work day of the week. On Thursday volley ball is generally on the menu while Friday usually has the sport of playing indoor baseball. With this variation of the work the course does not become so tiresome yet the highest standard of improvement is reached.

The gym classes are divided into groups according to the ability and size of those taking part. The smaller boys are placed in classes where they do the less difficult apparatus work rather than to place them with the larger boys who compose the more advanced class in this line of work. The class is usually divided into five separate classes, the first class is the leaders class or the advanced one. From this class a leader on each piece of apparatus is chosen for the day and he is given full authority over his work. In this manner excellent leadership is obtained without using the same person every time thus giving more a chance to do the work and also stimulating a higher degree of work than has hitherto been found.

Gym is given three periods out of the day so that you see everybody has a chance to get the course. The gym dressing rooms are equipped with a locker system and check room in which gym clothes can be kept and all

valuables checked without trouble. Every boy in High School providing he is physically fit is required to take gym unless he is replacing the course with a subject. One fourth credit is given each semester for the work and no student can receive more than one credit during his school years.

Medals are given in the gym work for student doing a desired amount of work and on completing numerous tests. The number of points required are as follows: Bronze Medal 17 points; Silver Medal 24 points and the Gold Medal 32 points. Much time is devoted to the working for these medals, those working this year toward the Bronze medal are: Banister, Bowman, Claus, Cox, Cozad, Herzog, I. Hollis, Mahoney, Montague, D. Smith, Shively, Shell ,Ware and L. Williams. Those working toward the Silver medals are: Baker, Beeson, Bucher, Petrie and Wasmuth.

In the course of the year one gym circus has already been given and another is being planned. The last exhibition was divided into four parts, Combination Work, Apparatus Work, Pyramids and The Clowns. The program was as follows:

1. Combination Work.
   Horizontal Bars—Foust Bros.
   Parallel Bars—C. Bucher and Cox.
   Rings—Beeson and Lahr.
   Tumbling—Bucher-Ott. Baker-Pohling. Beeson-Brown.
2. Apparatus Work.
3. Pyramids.
   The members of all the gym classes took part in pyramids, which

was a feature of the evening's entertainment. Very difficult pyramid work has been taken up this year, in which two hundred and fifty boys took part.

4. The Clowns.

This part of the exhibition was a very amusing baseball game in which the "Bums" played the "Goofs."

The second exhibition which will be given in April will consist of the following features:

1. Highland Fling.

Those taking part are Payne, Hildebrand, R. Brown, G. Warkentein, Ott, M. Lahr, J. Griffith, and J. Wertenberger.

2. Apparatus Work.
3. Indoor baseball game—championship of interclass.
4. Clown Stunts and High Elephant Exhibition Art.

# NANCE.

Nance Hartley drew her chair up closer to the open log fire and stared dreamily at the leaping yellow flames. Yellow, golden, the girl thought; and leaned slightly forward, lips parted, eyes sparkling. Golden! The word caught her fancy. Golden! How well it characterized the future! The leaping flames had changed to a heap of glittering coins. The girl stretched her hands forward involuntarily and smiled a little as she realized how far her fancies were carrying her. But her eyes had grown suddenly greedy, covetous. They had narrowed to mere pin points, till the depths and shadows were hidden and only the sparkle remained, for all the world as if the lights of the night sky had been narrowed to two tiny, coldly, glittering stars. The rain beat steadily on the window pane, then lashed it furiously; the clock struck slowly, solemnly, but the girl gave no heed. Hands clenched tightly, heart beating high, breathlessly she strained toward the flame gold. The girl was seeing visions now and the future appeared golden as the lately kindled flames. Again her mind caught at the word, toyed, played with it, refused to let it go. For it upheld everything she desired—jewels, clothes, luxurious surroundings, amusements, social position.

Ah! How much she desired them all. And now it was within her power at last. All she needed to do was to open her small red lipped mouth and a word of three letters made it hers. This she would do, she did not doubt and without so much as lifting one of her small white hands everything she longed for was hers. It was an Arabian Night's fairy tale and the magic word was yes.

The flames leaped higher, and higher and roared noisily up the black flue. Then suddenly a shadow fell on the heap of gold. A figure dimly defined yet growing steadily clearer appeared out of nothing and placed a hand on the glittering heap. The girl's eyes suddenly widened. She had forgotten something. A fragment of a nursery rhyme leaped to her thoughts and confronted her. "Comes with gold its' imp." "Comes with gold its imp." Again and again the words flashed through her startled mind. Her body stiffened tensely and she thrust forth her hands as if to ward off a blow. She stared fascinated at the figure beside the gold, a figure now standing before her, clearly outlined—the figure of a man of perhaps forty-five, well-groomed, with an air of business about him. But it was his eyes which held her. Like hers they were greedy, covetous. The man suddenly reached one hand out to her but the other hand still remained on the gold. The girl shrank back, horrified. Was it to be like this? The girl wondered, stunned at the thoughts that preyed upon her. It was as if she had suddenly caught herself in a truth she had carefully tried to avoid. Mac was merely an old acquaintance, a retired bachelor and much the same as a father to her. Such she had looked upon him when he proposed that she share his vast riches with him. She had thought how easily she could manage him; how easily she could secure the things she wanted—receive without giving. That was as she looked at the proposal at first. But now—disappointment and rage filled her. She would marry him; she would have the things she wanted; his gold would be hers and—he need not bother her very long. The very thought made her shrink farther back from the fire and glance

about her. Like a child suddenly awakened in the middle of a nightmare she saw familiar objects change to things of terror. The wind whistled down the chimney and filled her with strange fears. It was as if the very night had read her thoughts ere they were half formed. She glanced nervously about her, then again her eyes rested upon the fire. Even as she watched the flames grew lower and lower and she stared at the bed of graying embers. Would a golden life lead to this, to the embers of dead hopes, dead desires, to the death of life itself? The thought fascinated, held her. Would the pleasure, the satisfaction the gold would give her compensate for this? Would it? Again the old desire for wealth burned fiercely within her. Again she dared to hope it would.

Then once again her eyes were riveted on a picture conjured out of the dying embers. Like a resurrection a new form appeared where the old ones had died, a new hope was born from the dead ones.

"Bob!" the girl breathed hoarsely. "Bob!" She had forgotten Bob. Now she remembered. Good old Bob. Honest blue eyes met hers unflinchingly, the firm sensitive mouth quivered into a smile, then the eyes suddenly filled with unspoken tragedy and the smile lingered a moment, was gone and did not return. The boyish look was gone from his handsome face, the lips set sternly, only the eyes betrayed the secret suffering, the world of pain within.

"Bob!" Torn by a hundred emotions, the girl cried the name as if her heart would break. Impelled by one thought she sprang up, caught up a cloak and without waiting to throw it around her opened the door and sprang out into the night. Bob needed her. The knowledge crowded out every thought and carried her through the storming night on feet that were winged. She had gone several blocks when she collided with a figure hurrying past her. Suddenly she felt herself caught in strong arms and held tightly.

"Nance, Nance! What are you doing here?" The girl realized only one thing—It was Bob's voice, and Bob's arm, and the world spun black and giddily about her. She regained consciousness just as Bob swung the door of her little parlor open and strode in with her clasped tightly in his arms.

"Bob'" she murmured, "Bob, is everyhting all right now?"

"All right," he said unsteadily. "It's cold in here," he added as if to get back to the commonplace out of the land of unreality. "We must have a fire." The girl glanced over his shoulder at the fire-place. Yes! Every vestige of the old fire was gone.

"Yes, everything's all right," she agreed happily. "Here, let's build the new fire together, Bob."

## MEMOIRS OF INITIATION DAY.

Have any of us forgotten the dreaded initiation as a result of our first debut upon the gymnasium floor? No, we all answer with harmonious accord. Nay, nay, that memory remains fresh, even as the sore portions ceased to be sore. When we try to forget, our offended organs acclaim loud their cry of disdain, and we cease to forget.

On that fateful day we were ushered into the midst of a very raucious crowd of individuals. Our very bones quavered and told us of something amiss. We were not kept in suspense long. The masters appeared and bade all his goblins line themselves in order along the cruel gray walls of the gym. Then we were abruptly introduced to the knocks of the bridge of sighs, which is very appropriately named. We saw some scenery of unspeakable beauty while riding under this great suspension structure. Great starlight scenes appeared before us, and such stars as we looked upon are never seen under any ordinary circumstances. Our locomotion was very rough, like the Tunerville trolley, as the engineer, as I was afterward told, knew not how to handle his air-brakes. As a result of the trip, our floating rear axles dragged in the dirt, and our transmission was greatly loosened, and most of our tires were considerably fattened. But this was not all. We were forced to take on underslung suspension and with our breather tubes, to push a peanut around the entire border of the gym. Oh well, what's the use bothering you with the rest of it. To get a more reliable theory concerning this story, join the gym classes next year, but take my hunch, and either put on two extra heavy pairs of trousers, or get a piece of railroad iron and place the extra trousers, unknown to anyone. Do this, and I will warrrant the trip will be more enjoyable.

# Perfect Comfort on the Longest Tour

## *The 1923 Buick Six Touring Sedan—$1935*

For touring to the "Big Game" this fall, driving on the boulevard, or slipping along a country road in the hazy sunshine of Indian Summer, this smart new Buick six cylinder touring sedan offers a degree of comfort that cannot be surpassed.

Long and low in appearance, it affords perfect riding ease and comfort for five passengers. Its well-knit chassis, new cantilever springs and strong frame take up the jars and jolts of the country road.

Broad plate glass windows give a wide vision to all occupants, while protecting them from chilling winds. Added warmth is provided by a heater. The interior of the Fisher built body is finished in handsome plush with individual seats in front. Driving convenience is assured by a longer steering column at a lower angle, complete instrument panel and longer gear shift lever.

The Buick line for 1923 comprises fourteen models: Fours—2 Pass. Roadster, $865; 5 Pass. Touring, $885; 3 Pass. Coupe, $1175; 5 Pass. Sedan, $1395; 5 Pass. Touring Sedan, $1325. Sixes—2 Pass. Roadster, $1175; 5 Pass. Touring, $1195; 5 Pass. Touring Sedan, $1935; 5 Pass. Sedan, $1985; 4 Pass. Coupe, $1895; 7 Pass. Touring, $1435; 7 Pass. Sedan, $2195; Sport Roadster, $1625; Sport Touring, $1675. Prices f. o. b. Buick factories. Ask about the G. M. A. C. Purchase Plan, which provides for Deferred Payments.

They did not conceal it, nor turn their backs
But stood right before his eyes, I vum!

Then Mr. Suter rose up from his chair,
"Some cows have entered," he said,

## THE CONFESSIONS OF A CAVALRYMAN.

I am a member of a great organization which predominates among many of the High School students. We are members of the ancient order of the Julian Cavalrymen, off-springs of the brave 10th legion. Mixed among us, to our dismay, are those who ridicule our ancient congregation. These people, we are sorry to admit, prefer to remain infantrymen, and among these are those who are honorary members of our organization, but to their misfortune, prefer to be infantrymen most of the time. These uncertain bipeds are those who receive our solicitation. Therefore, to unionize our organization more fully, we have divided our school-mates into distinct parts. These will be outlined below in Julius Ceasar's own words.

"Huntington High School as a whole, is divided into three parts, in one of which parts the cavalrymen are grouped, in another the half-way birds. Into the third part are grouped those who in their language are called Good-Fellows, in ours, Goofs. All these differ among themselves in customs, grades, and good citizenship. Fear of the Great Chief divides the Goofs from the Cavalrymen, uncertainty, the half-way birds from the Cavalrymen. The Cavalrymen are the best of all these, (until examination day), because they are fartherest from the contaminating influence of the Goofs. The teachers least often resort punishment to them, and they import those things which appertain to tear down our organization, and they are nearest the half-ways because uncertainty only separates the two, and these together are continually waging war with the Cavalrymen."

This is as much as Mr. Caesar gives. Maybe he lost his interlinear equation or his innertube or something. Anyway you've heard enough to convince you of the strength and righteousness of our organization. Buy your horse before applying for membership, to room 209, Huntington High School.

## SAVING IS THE START

Boyhood friends used to wonder why Jack would rather put his money in a savings account instead of spending it as did most of the others.

It is easier to understand, now, for Jack has a business of his own and two of his boyhood friends are working for him.

A savings account has been the start of many a successful business career.

Are you saving?

"I dare you to talk about me."

Nov. 6 Paul Cox in English "Juliet could have been an actress or in fact she could have entered the movies.

Nov. 14 We learn that Hamlet had a ghost in his cellerage. Perhaps he was a bootlegger."

Nov. 15 Mr. Byers tells us that when we look at him we are only looking at a ghost. Rather a healthy one, however.

Nov. 16 Lucile W. again informs us that she has never felt the pangs of love. To believe or not to believe that is the question.

Nov. 17 Pep meeting was enjoyed by all. Paul Cox in his dignified way ascended to the throne and put us through our paces. Nappanee is snowed under by a score of 71-12.

Nov. 27 Hurrah. Rings are here, best looking rings that ever were seen. Latest report is that 17 were killed and 45 injured in the grand rush.

Nov. 28 Mrs. Poinier informs us that she heard some one speak who attended Sing Sing university. At last here's one college that we all stand a chance of attending.

Nov. 7 Mrs. Templeton—What did you say Long?

Nov. 8 Limelight—Are you in it? Ask Pat how to get there.

## FACULTY PROPHESY.

I gazed into the crystle round and clear,
And gazed into its depths profound and sincere,
Ah—whom should we see at the very first glance
Our gym teacher, Miss Burnside, teaching "C. E." to dance,
Miss Koch busily teaching French boobies
How to act in the American Movies.
Mr. Mc. Day was the one I saw next
Preaching to Edna his next Sunday text.
And who should I see to my great alarm,
Friend Mr. Suter running a cat and dog Farm
And to my great surprise I saw Miss Etter
Sitting on the porch knitting Ceasar a sweater
And in the movies we see Mr. Steman
Trying to act like Larry Semon
Next, Miss Ewing our shorthand teacher
Happily married to a village preacher
We see Miss Altman in a brand new car
Driving a fast rate of 20 miles per hour
Mrs. Carrie Templeton a grand circus rider
With a lot of little monkeys riding beside 'er
I was attracted by the sign of Mr. Frantz
Selling tickets for a New Years Dance
Mrs. McCrumb, who mathamatics teaches
Sitting in a bathing suit on Florida beaches
Next our English teacher Mrs. Sayler
Learning to be a very fine tailor
Then I saw a large county fair
Managed by our vocal teacher Miss Bear
Mrs. Poinier and her son Norman
Were out West preaching to Mormons
Next our Mechanical Drawing Teacher Mrs. Mann
Silently directing a small village band
Later I saw our teacher Miss Moore
Drawing cartoons on the H. School floor
Again I was attracted by friend Miss Gray
Dancing around like a spirit of May
Behind the stage I saw Miss Cage
Willingly telling people her age
Then filling herself with food was Hoffman
Trying her best to weigh a large ton
Yet, I saw still teaching was Miss Johnston
While her pupils were having a lot of fun
Then I saw friend Mr. Hornback
Trying to get in a small paper sack
Then to my surprise I saw Miss Weiford
Climbing a telephone pole with a Ford
And behind her came Miss Dunathan
Eating a large red-hot bun
Then the crystle moved as if to fall
I realized then that, that was all.

(RIDDLE)

Question—Why is an elephant like a piano?

Answer—Because there is a B in both.

Note:—The B has no reference whatsoever to either the elephant or the piano but refers to the word both, whose initial letter is B. This is a prominent example of one of our best types of so-called humor. It is known as the Misplaced kick variety. Laugh is optional.

---

(COARSE JOKE)

Question—What course do you expect to graduate in?

Answer: In the course of time.

Note—This course is not listed in the curriculum. It is merely an idiomotic expression used by the hoi poloi. Laughter.

---

(PUN)

Question: How did nitrates (night rates) originate?

Answer—In a hotel.

Note—The dual role played by the important word is cleverly designated by parenthesis The point depends upon the misunderstanding or the misconstructed interpretation of the original intention.

---

(RIDDLE)

Question—Why is a sidewalk like a barn?

Answer—Because they are both cold in winter.

Note—Sidewalks become very cold in winter. This often causes cracking of the cement.

Note 2—Barns are often unheated during the most rigorous weather. Laugh here.

Look. He's raising their score.
Man, doesn't his hair glisten
And it's never mussed—look by
that door.
Isn't that the coach of—oh,
"We're ahead again, hooray.
Won't that gun ever shoot?
Oh, we're a tie agin, laws-a-day.
Come on fellows, carry off the loot
That's right, Shorty, put her in
Break it up. That's the good old
fellow
Oh kids, we're four ahead again.
Only half a more minute?
Good. We're playing for time
Bang. Oh, that gun has shot.
And we've won.—Now isn't that
fine?

# MAY

May 1 The warm spring days that we read about have come at last. Yes indeed.

May 4 Senior invitations arrive. Now who shall we send them to?

May 6 Harry Montague aspirant to Grand Opera—"Mrs. Branyan, do you think there is any promise in my voice?
Mrs. B.—"Well, it might come in handy in case of fire or shipwreck."

May 8 Dumbell—"What's the matter with ??? arm?
Everett True—"Guess he broke it patting himsef on the back."

May 9 Spring fever gets us down.

May 10 We are fast approaching the Jr. vias. Sr. reception. The Jrs. are scurrying around with looks mingled with secrecy and anxiety. Cheer up there will only be about ten more than you planned for.

May 22 Reception! They sure did noble and we shall never forget it, no, never. Hope next year's class does the same for you.
Seniors seen wandering about the town not as eager to leave this happy school as once expected. Cheer up, maybe you'll get some credit withheld after all.

May 25 Classes come, classes go, wish we could stay right on and on don't you know.

## The Confidence of the Public.

There is a basic principle on which every business enterprise hinges which may concretely be defined as the confidence of the public in that enterprise. No business can survive or grow without it any more than the body can live without nourishment.

From the beginning we have endeavored to gain this public confidence by always giving the public highest values for their money.

Uniformly good values through twenty years of service to the public have inspired complete public confidence in us, and because of this confidence we have grown from one small store to 371 Department Stores all over the country where highest values always prevail.

TO THE BOYS

If you too, in your breast nurse a long forgotten flame
Do not take the blame
But tell us of your sweet dame.
For the editor of the Lovelorn lane
Works miracles to her name.
Eye magic and wonder wide she maimes
The hearts of flapper's pride
Till, some secrets unearthed from Cupid's diary
Lead you anew amongst loves bitter rivalry.

---

Lowell Williams—"What do you think of a man that throws a girl a kiss?"

"I think he is the laziest man in the world."

Paul W.—"You should hear my new radio. Last night I got Mexico."

B. Redding—"That's nothing, I got Chile last night in bed."

Mark O.—"No is it strong?"

Eldon B.—"Yes one drop is fatal."

---

George Y.—May I go home? I've got a bilious attack and feel faint.

Mr. Byers—Certainly. If you wait a minute I'll give you a lift in my car. I'm going to the show myself.

---

Rod C.—I thought you took that subject last year.

Murray A.—I did but the faculty wanted an encore.

Dere Frend Mark:—

How's everybuddy out in Onion Center? I ain't heerd from you fer a long time. 'Tother day I were canned out a Algebra cuz I laffed when Clayton Bucher sed there shudd bee sum cirkels in between th' x's and then it ud meen hugs and kisses.

Well I went up to the liberry and Florence told me to sot down. I see sum gurl showin' a paper to Mildred Stults which says sumpthin' about a party in th' club rooms at six thirty tonite (witch wuz last nite.)

I know where the club rooms is kause I got in there one day trying to find the jim and so I decided I'd go. I pit on my new soot and cake-eatin' hat and the red and purpel ty my sister nit fur me and went, telling ma not to woory but to go to bed cuz I wouldn't git in mutch before eight-thirty or mebbe nine. Well I went up and got there jist ez they wuz goin' around th' tabel so I stept in line.

Thet Pat Moore wuz rite ahed of me with a gurl named Sara. Sara sed she couldn't eet all she hed on her plate and Pat told her she cud if she didn't eet like a chicken witch was rite smart out o' Pat cuz it takes a lotta nurve to talk back to a girl, espeshally wun with eyes like Sara.

Virjinya Ciracough sang sum songs. They wuz orful purty and I'm gonna have Pa get 'em for the phonygraff.

Paul Nix et more'n enywun else and he kept saying "That's the rent." I don't no whut he ment but I exspect the kost of whut he et wudd of pade th' rent.

I had sum good py too. It had iscreem on top and Misses Pieneer sed it wuz the "pie Alla made." I don't know whether Alla's good lookin' er not but she shure kin make good pies.

Sum of the gurls wuz with teechers. Marthie Sumbuddy wuz with Charles Emory and Mabel Sumbuddyelse wuz with Jim. I don't no whut Jim teaches but I see him in the halls a lot.

They started makin' speeches. Thet there Jorge Yerman orter to be tought sum manners cuz every time enybuddy sed anything he'd git up and say sumthin' about wut they sed.

Lucile Wilson made a speech about sum feller Jacob Elijer Sticcerhoof what she wuz in luv with and wot a deer he wuz. I don't think peepul orter discus there financiers in public. It's bragin' and makes gurls feel bad what ain't got no fellers.

'Nen that Ruth Glenn wuz with that feller what I told you about that is always talking—Charley Finley and Helen Jane Greenman wuz with Pete Sumbuddy and after everything wuz over Ruth went home with Pete and I'll bet it made Helen Jane feel orful bad. I ment to take her home myself but I couldn't find her.

There wuz a gurl there called Marguerite. I thot I'd take her home altho she mite be bashful in th' presents of a dignafide one-two like me but wen I ask her she sez she wuzn't takin' 'em to raze. That jist shows how dum them Senyers is. There always talkin' off tha subjec' but mebbe Marguerite's a little hard-heerin' kause when sumbuddy ask her how she liked Tarzan's knew sute she sed, "Quite the berries." I dunno but I doan't understand them.

Yours till the pillow slips,
Ebeneezer.

High school student reading Virgil—

"Three times I strove to cast my arms around her neck—and that's as far as I got, Miss Etter."

Miss Etter—"Well, that's quite far enough, I think. Master Bartaway."

---

"Glen Dear, why are some women called Amazons?" asked Mary Kline.

"Well my dear, you remember the Amazon river has the largest mouth."

---

Corvis Speaker—"What shall I do if a good looking girl tries to kiss me?"

Balz. N.—"Hold still."

---

Emmet Cozad—Where did you get the idea of getting married?"

Harold Cassady—"The idea was all Iris."

---

Miss Koch to Pat Moore—"Patrick what have you got in your mouth?"

Pat—"Nothin' ".

Miss Koch—"Well put nothin' in the waste-basket."

(Pat goes to the waste basket and back to his seat.)

Miss Koch—"Did you put that in the waste-basket?"

Pat—"Well don.t you see nothing in the waste-basket?"

---

Mr. Byers—"Kenneth, what is an icicle?"

Kenneth S.—"It is a stiff piece of water."

---

Miss Dunathan had heard Julius Caesar called "Juli" Caesar. "Now children never say "Jule" but add the "Ius.' Then she asked Bill Newell his name.

Bill—"Billious Newell."

---

Myrtle Metcalf—"Dad can you sign your name with your eyes shut?"

Her Dad—"Certainly."

M. M.—"Well, then, shut your eyes and sign my report card."

"Do you know what the "Order of the Bath is," asked the teacher.

"Sure ma'm," replied the boy. "In our house its Katy first, then me brudder, then me."

---

Pauline Mahoney—"I smell cabbage."

Suter—"Bob W. get your head away from that burner."

---

Stemen—"I met your brother yesterday. Wide awake isn't he?"

Clayton B.—"Well, he's wider asleep. At any rate I never get my full share of the bed."

---

Stemen—"Hey come here, Friday."

Russel R.—"Why do you call me Friday?"

Stemen—"Cause Friday's meatless."

---

1st Junior—"Did you see that Freshie blushing?"

2nd Junior—"No, why?"

## MAJESTIC FURNACES

*"Made and Sold by Huntington Folks"*

THE MAJESTIC COMPANY

Huntington, Indiana.

Dear Editor:

I am a dainty little Senior girl and I love Marcellus Lahr. How could I win his love?

Mabel Young.

Dear Mabel:

When you hear him smile, when you see him pucker your lips, when you have him—kiss him.

---

Dear Editor:

I am very much in love with our Senior president. What must I do to keep him from all the others' clutches?

Melba Berry.

Dear Strawberry:

Keep your heart tender, kind and true and he will come home to you.

---

Dear Editor:

What shall I do? Jane graduates this year and I don't. I am sure the college fellows will win her.

Clum Bucher.

Basketball Star:

Just have our accommodating teachers hold her credits until 1924. "Ain't that fine?"

---

Dear Editor:

Is it correct to start a letter to a girl "My Dearest Mildred?"

George Hollis.

Dear George:

Sure, if you have other dear Mildreds and this one is really the dearest of the lot.

---

Dear Editor:

I please wish you would advise me how to keep Lucile Wilson from smiling at me.

Kenneth Stults.

Dear Kenneth:

Wear "torshell" glasses or a false face because L. W. is supposed to know a joke when she sees one.

---

Dear Editor:

I love a girl that is shorter than I am, what can we do

Russel Rittgers.

Dear Russel:

Raise her with Calumet Baking Powder.

Dear Editor:

Will you please give me a poem or set of cards by which I can choose who I will take to the Junior-Senior reception. I am leading man in the Senior play you know.

John Beardsley.

Dear John:

Don't go back on Elizabeth M., for it was she who was Queen of England.

---

Dear Editor:

I want a fellow with a car. Please tell me the address of one with a car.

Sara Bronstein.

Dear Sara:

Ask the police for a list that can pick auto locks. Then ride to your hearts content.

---

Dear Editor:

I love my wife but I'd like a change. How can I do it?

Clarence Klinger.

Dear Clarence:

Ship her to King Tut's Tomb by parcel post. Then enjoy a change. I have a long waiting list of heart bleeding girls.

---

Dear Editor:

I am a girl, 16, and have very wistful eyes. I have been going with a young man for two years, my senior by two weeks, yet he has failed so far to see the beauty in my eyes. Please advise me whether to continue our friendship.

Aletha Saunders.

Dear Aletha:

I am sorry he has not noticed your beautiful eyes. But forget that. Try your lips and then see his eyes grow wistful.

---

Mrs. Bell—"Marjorie, hasn't that young man gone yet?"

Marge—No, but I've got him going."

---

Mr. Suter—"Are there very many Painted Lady butterflies?"

Wesley Heiney—"I guess so, you can see painted ladies anytime?"

Dear Editor:
If a fellow kisses a girl is he a gentleman?
Frederick Grim.
Dear Frederick:
All the men I know consider themselves gentlemen.

---

Dear Editor:
I'd Give my all for a girl, but how must I find her?
Charles Finley.
Dear Charles:
Are you blind?

---

Miss Moore—Define 'blunderbuss."
Bill Newell—"Kissing the wrong girl."

---

John B.—"I'm going to kiss you before I leave."
Elizabeth M.—"Leave this house immediately."

Dorotha Peters'—"No."
Mr. S.—"How do you know?""
Dorotha—"At the lake they didn't sting me."
Mr. S.—"Did you try to catch them?"
Dorotha—"No, I ran."

---

Mr. Suter in Biology—"Kenneth tell about the beginning of man."
Kenneth M.—"I can't remember that.

---

Bill Newell—"Was you ever pinched for going too fast?"
Em. Cozad—"No, but I've been slapped."

---

"I would love, if I dared." said the young man to the fair ex-telephone operator, "to press some kisses upon those ruby lips."
"Yes " she said abstractedly, "Number please."

---

Ordering a copy of Tennyson's poems a customer wrote to an English bookseller: "Please do not send me one bound calf, as I am a vegetarian.

A. C. Beeson—"John what is the difference between a vision and sight."
John B.—"Well you can flatter a girl by calling her a vision but never call her a sight."

---

Geneva H.—"Lets kiss and make up."
Laurence N.—"I'll kiss you, but you're made up enough."

---

Prof. Byers—"Can any one mention a case of great friendship made famous through literature?"
Pauline B.—"Yes, Mutt and Jeff."

---

Gerald Y.—"Only fools are positive.
Russell C.—"Are you sure?"
Gerald Y.—"Positive. ???

---

Miss Moore—"That's the fourth time you've looked at Emmetts' paper, now stop it."
Ira S.—"Yeh, but Emmet is such a punk writer."

---

Florence Felton—I'm afraid Pug, that I will never see you in heaven."
Pub—"Great heavens, what have you been doing now?"

---

Pat Moore acting up in Miss K's room.
Miss K.—"Pat, if you don't quit talking you will have to sit up here with me."
(Pat goes up to Miss K's desk.
"Well, get over then."

---

Ruth G.—"Well who are you?"" as Wilbur suddenly blundered into the room.
"Me? why sister, I'm the answer to a maiden's prayer. Look me over."

---

Stemen—"Animal life is divided into several groups. Worms are considered the lowest form of animal life. Now, Joe, do you know what is the highest form of animal life "
Joe Hollis—"The giraffe."
